

Amit N. Patel received his B.E. degree and M.E. degree in Electrical Engineering from Gujarat University, Ahmedabad, India in 1999 and 2004 respectively. Currently, he is working as Assistant Professor at Nirma University, Gujarat, India. His research interest includes the design of both conventional and advanced electrical machines. He has published papers in international journals and conferences. Prof. Amit N. Patel received the best paper award in International Conference on Advances in Engineering and Technology, 2013 and Artificial Intelligence and Evolutionary Computations in Engineering Systems & Power, Circuit and Information Technologies, 2017.

Bhavik Suthar was born in Gujarat, India on September 01, 1971. He obtained his Master's Degree from SGSITS Indore, India in 2002. He obtained his doctoral degree from Indian Institute of Technology Delhi, India. Currently, he is working as Professor in Electrical Engineering Department at Govt. Engineering College Bhuj, India. His areas of research interest are Application of AI technique to Power System Planning and Real-Time Operation and AI application to Machine design. He has published papers in international journals and conferences. Dr. Bhavik Suthar received the best paper award in Artificial Intelligence and Evolutionary Computations in Engineering Systems & Power, Circuit and Information Technologies, 2017.
